

Greetings EICS Families,

Another year of community partnership! Your local Staples stores in Sherwood Park, Fort Saskatchewan, and Camrose are committed to continue providing students of Elk Island Catholic Schools with devices for the One-to-One Learning Program. The One-to-One Program means students can have their own devices for learning in school or online.

This is the 8th year Staples is providing this service and we continue to value the partnership with EICS families like yours to supply industry leading brands of technology devices, a wide range of accessories (mouse, bags, external memory devices, etc., and **new this year, Allstate Protection Plans** (monthly or one-time payment) that provide additional guarantees for all defective units (including units accidentally damaged).

The current line of Chromebooks have certainly expanded with different screen sizes and options and more models are expected to be released throughout the year.
