		<p>school, but all. There is not a massive influx of money in school to make parking lots fully function, schools just have too many kids, come 2018-2019 student body will be cut in half by then with new school being build and. Superintendent has been here and monitored after school. Michael is not a fan of pick up zone, looking at cutting back the traffic coming through. Causing issues with the busses. Looking at having an engagement session getting teachers, parents, bus drivers, city officials, RCMP. Etc. getting together to talk solutions.</p> <p>Shelly has asked that anything PSC related please be run through the council members, just as an extra set of eyes.</p>
