Notes for Future Reference

This society was set up many years ago when the initiative began to raise funds for a new school playground. In order to fundraise to such a capacity a society must exist. Establishing this society many years ago was an extensive process. Therefore in moving forward, even though there is no planned activity for the society, it was determined during the 2012/2013 School Year that it was in the best interest of the PSC to keep this society open. To keep this society open an annual return, along with financials, must be filed, and a minimum of 2 society meetings must be held throughout the year.
